

KS2 Home Learning

SPAG.com

All Year 5 and Year 6 children have access to Spelling, Punctuation and Grammar tests and quizzes on SPAG.com.

Both year groups have been set a wide range of content, from specific quizzes of around 10 questions up to mixed topic tests which go up to 50 questions. These are perfect for children to complete at home as they are marked electronically and give students immediate feedback.

Don't worry if some of the tests/ quizzes say they are for Year 3 or Year 4 – your child can still complete them as the SPAG knowledge and skills in KS2 are cumulative (so even though children may first learn about prefixes for example in Year 3, we still keep practicing them all the way to the end of Year 6).

The screenshot shows the SPAG.com website with a dark blue background. The main heading reads "Online SPaG tests for instant gap analysis". Below this, it states "NEW & UPDATED FOR 2019" and "See Plans & Pricing". A "Log in" button is highlighted with a yellow box in the top right corner. Below the main website image is a smaller screenshot of the user interface showing a progress bar for "SPECIFIC AREA" tests. The progress bar shows the following areas and their completion percentages:

SPECIFIC AREA	Completion Percentage
Subjunctive verb forms	10%
Verbs in perfect form	20%
Relative clauses	30%
Passive and active	40%
Determiners	50%
Commas to clarify meaning	60%
Relative pronouns	70%
Possessive pronouns	80%
Punctuation for parenthesis	90%
Formal and informal structures	100%

Hopefully, your child has their log in details in their homework diary, however if they do not, feel free to email the school at admin@highfield.northumberland.sch.uk and someone will get back to you as soon as possible with your child's log in details.

Happy quizzing!
